

2011 Maryland 4-H Program Committee Membership

The Program Committees will serve to identify goals and actions to achieve the Maryland 4-H Program mission, vision, and core program components. The committees will be co-chaired by a 4-H specialist and a member of the committee, elected by the committee members. Existing sub-committees, councils, working groups and newly formed groups, will provide opportunity for the involvement and input of interested faculty, staff, volunteers, and teens in specific project and program areas (e.g. Horse Council, Afterschool Task Force, Camping Task Force, and Fashion Review Committee).

Animal Science

Chris Anderson-CoChair
Donielle Axline
April Hall Barczewski
Sheryl Bennett-CoChair
