## Animal Science Leaders' Forum

The Animal Science Leaders Forum started in 2008. This forum provides an excellent opportunity for volunteers, teen leaders, and UME staff to gain knowledge and skills in various animal science, youth development, and club management topics. Multiple breakout sessions are offered. Program updates, rule/policy changes, and upcoming events in the Animal Science program are also discussed. The forum is typically held in January/February. The forum is reasonably priced and some county offices may provide scholarships for volunteers and teen leaders to attend.
