Feb 6, 2010

### **Out of State Trips**

Interviews for National 4-H Congress, West Virginia Older Members Conf., Virginia 4-H

Another fantastic year comes to a close. As we look back on the year, we're hopeful you will focus on the many positive contributions you make in the lives of children. For a youth development professional, the world of 4-H is often overwhelming, exhausting, and endless. It is easy to become too focused on these realities. Take time to focus on the influence you have on the lives of children. They are forever changed for the better as a result of their involvement in the 4-H youth development program. We are hopeful you see your role in 4-H youth development as your calling in life. Your mission, to better the lives of children. Please reflect on this during this holiday season and celebrate the joy you bring to the lives of Maryland children. Take some time for yourself too. It is important to rejuvenate and refresh yourself as we look to 2010. Happy holidays and we look forward to working with you in the new year to "Make the Best, Better"!

Your Maryland 4-H Center Colleagues

## Engaging Youth and Adults in 4-H Program Development

Join us on Friday, January 8th from 10 a.m. - noon for the Volunteer Training Series for Faculty and Staff Adobe Connect session.

This webinar focuses on using 4-H advisory councils and 4-H project and event committees to support 4-H program management and expansion. 4-H educators will share successful local examples. Basic guidelines for organizing and supporting your advisory groups and county/city 4-H project and event committees will be provided.

To register go to: <http://www.agnr.umd.edu/Seminars/Description.cfm?ID=114>

## Be a Pen Pal with 4-H'ers in Japan!

The Camp Zama SAS 4-H club in Japan is once again looking for pen pals to correspond with. Please help us get the word out that 4-H clubs interested in communicating with them are asked to contact their 4-H club leader, Nick Andrews at [nicholas.andrew@us.armv.mil](mailto:nicholas.andrew@us.armv.mil).

©2009 University of Maryland College of Agriculture & Natural Resources

The College of Agriculture and Natural Resources' three units—Academic Programs, the Agricultural Experiment Station, and Maryland Cooperative Extension—work in concert to educate students and citizens about critical issues and to solve problems in agriculture, food systems, and the environment. The college is an equal opportunity employer and provides equal access programs.
