

Liability Insurance Information – Certificate of Insurance

The procedure for requesting a certificate of insurance is on the fiscal page of the AGNR website at <http://www.agnr.umd.edu/fiscaloffice/docs/InsLiabCert.pdf>

A copy was distributed for educators attending the May 7, 2002 4-H faculty development.

A certificate of insurance is proof the organization has liability insurance coverage. It is often requested by a facility manager where the extension educator or UME volunteer is having a program. Liability limits are \$50,000 per person and \$200,000 per claim through the Maryland Torte Claims Act. UME volunteers acting on behalf of the State (UME) would be covered to the same extent that State employees are covered by liability insurance.

Who may request a certificate?

The certificate may be requested by a UME faculty or staff through the AGNR fiscal office at least 4 weeks before the event to Patty Nitowitz, pnitowit@umd.edu. She then prepares the request to go to Gretchen Sacra who sends the request to the State Treasurer. UME volunteers should have their local extension office process the request for a certificate of insurance. UME local units should email your letter of request and fax the contract or letter of request for the certificate from the facility manager to Patty. Certificates may be issued for schools, churches, civic organizations buildings, arenas, campsites, etc. The facility may be located in or out of state. They are not issued for a private residence such as a person's home or farm. Cost for the certificate is \$100.00.

Letter of request

The letter of request should include when the event is happening, address of where, facility manager who is requesting the certificate, his or her contact information including phone, email and fax, purpose of use of facility, extension person requesting certificate and contact information.
